## Principal's Message

Dear Parents and Caregivers,

Wow! What a cold snap we have had over the last couple of weeks. I encourage all families to ensure children have socks and shoes on and a warm jumper. We are already experiencing absences due to flus so please rug children up. If children are sick, please keep them at home. It is also a good idea to access flu shots; they are free and readily available at the hospital and health services. Last week on Friday students attended a performance at Crossways Lutheran School called 'Half Way Around the World'. Student thoroughly enjoyed the performance and I would like to thank Crossways for organising this activity and inviting us to join. Hopefully we can return the favour soon.

Next week, we have Port Power coming to our site to deliver the WillPower Program on Wednesday.

Haven't seen the guys for a while so we are looking forward to seeing them again.

On Wednesday afternoon's I am running design and technology lessons with the middle primary class. We have a great time, talking lots about technology, refining our designs and experimenting. I would like to invite parents, caregivers and community members to come along and watch or join in with what we are doing. It is a lot of fun and there is a lot of learning happening.

There is lots of technology and design lessons happening in all classrooms. It is great to see children excited and engrossed in designing and experimenting. Students are having great discussions around what is being investigated. This term we are doing lots on push and pull. Next term we are going to focus on circuits. We encourage anyone who would like to have a look or join in to come to the office and we will take you to see the lesson.

This week we have been working with Regional Office staff around Literacy. We are developing 5 week cycles that focus on specific areas students need to improve on in Literacy. Through testing, we intend to identify any holes in their learning and then provide lessons to help them develop the necessary skill and improve their overall literacy abilities. Thanks to Mitch, Teresa and Leonie for their time.

Keep safe and warm,  
Regards,  
Wade Branford

## School Calendar

### Week 9
