Principal's Message

Dear Parents and Caregivers,

Hope you are all well and have enjoyed another great weekend of weather.

Congratulations to Koonibba Football Club on a great win over the weekend.

A great game of football to watch, Koonibba are far too good. I hope you all celebrated the win.

Back at school we have lots coming up. Today we are closing school at 2:30 as staff need to travel to Penong Primary School for the final part of our Cultural Competencies training.

On Thursday and Friday we have the White Lion Leadership group coming to Koonibba School to work with the upper primary class. This is a federally funded program which endeavours to improve and develop children's leadership skills. This is a great opportunity for students and we look forward to working with them.

Next week the junior primary class will be travelling to Fowlers Bay for an excursion. Students will be gone all day and upon return will stay at school for tea. A note should be going home very shortly. We would also encourage parents to attend.

We have just received the results from this year's NAPLAN. All test information will be sent to families this week. Please take the time to read over the results as it has a very detailed explanation of how your child performed. If you would like to discuss the test results please contact the school.

Sports Day will be occurring in week 10 on Thursday the 28th of September. This year we are again giving tokens to students for weekly 100% attendance and for good behaviour. All tokens will again be spent at the end of sports day on food, clothing, etc.

It has come to my attention that there may be a few children and families leaving the community for a funeral this week. Please make sure you come to school and complete absence slips for your child(ren). I would like to congratulate and welcome our new AECO at Koonibba Aboriginal School Alison Ware. Alison comes to us with a wealth of experience. She has been a teacher here and overseas and is very keen to take on the AECO's role for the rest of this year and possibly longer. We would like to wish her all the best at our school and we look forward to working with her.

Regards,

Wade Branford
